To whom it may concern,

I am writing to express my interest and commitment to participate as a collaborator in the Project titled “Desarrollo de un sistema de alerta temprana para la vigilancia, prevención y control de dengue en la region del Bajo Cauca Antioqueño” at University of Antioquia.

Having thoroughly reviewed the project proposal and its objectives, I am excited about the opportunity to contribute my skills, expertise, and knowledge to the success of this project.

My contributions to the project will include helping with statistical methods. If the project is funded, as a collaborator I commit with 168 hours of effort time for the project (approx. 7000 euros) as self-finance to dedicate to the implementation and participation in the project. I want to clarify that the commitment to this project will be in terms of time and effort rather than monetary contributions.

Sincerely,
